

# Privacy Policy

**Effective Date: 15th March 2025**

Welcome to Handy Notes! Your privacy is important to us. This Privacy Policy explains how our app handles user data.

## 1. No Data Collection

Handy Notes does not collect, store, or transmit any personal data, files, or user-generated content to external servers. All notes and information you enter are stored **locally** on your device.

## 2. Local Data Storage

All data is stored on your device only. Since there is no cloud backup or external storage, you are solely responsible for managing your data. If you uninstall the app or reset your device, all notes will be permanently lost.

## 3. No Third-Party Sharing

We do not share any information with third parties, advertisers, or analytics providers, as we do not collect any data in the first place.

## 4. Permissions

Handy Notes may request certain device permissions for functionality, such as file access (if you choose to export/import notes). However, the app does not access any personal data.

## 5. User Responsibility

Since all data is stored locally, we recommend that users manually back up important notes if needed. We are not responsible for data loss due to uninstallation, device resets, or technical issues.

## 6. Changes to This Policy

We may update this Privacy Policy from time to time. Any changes will be reflected in the latest version available within the app or on our official website.

---

By using Handy Notes, you agree to this Privacy Policy.

Thank you for using Handy Notes!
